

Conducting Business Practice Intervention Survey Training

(24th February 2020)

The opening ceremony of Training on Business Practice Intervention Survey in Myanmar was held at Office No. (32) Of Central Statistical Organization in Nay Pyi Taw on 24-2-2020. At this training, Central Statistical Organization under the Ministry of Planning, Finance and Industry, Director General, U San Myint delivered an Opening remark.

The training aims to raise the deeply understanding of detail in Survey questionnaire and to easily collect information in survey questionnaire applied by KoBo Toolbox software using Tablets.

It is organized by Central Statistical Organization cooperation with the United Nations University World Institute for the Development Economic research (UNU-WIDER) from 24 to 29 February, 2020. The conducting period of Survey is set to be held from 10th to 25th March, 2020 and it will take place at 14 States and Regions excluding Rakhine States in Myanmar. The Pilot test of the survey will conduct in 27th February at Meiktila Industrial Zone, Mandalay Region. The training was attended by 76 supervisors and enumerators from 14 States and Regions and Head Quarter of Central Statistical Organization.
