

The virtual coordinating meeting on strengthening accurate and high-quality assurance trade statistics

24 December 2020

The virtual coordinating meeting on strengthening accurate and high-quality assurance trade statistics was held at the Central Statistical Organization Office on 24 December 2020, led by U Htun Zaw, Director-General of the CSO. Statistical representatives from the Department of Trade, the Customs Department and relevant departments attended the meeting via video conferencing. Discussions focused on the actual data of the annual trade statistics from October to September for the fiscal year 2019-2020 and addressed barriers to the compilation of trade statistics.
